

Northlake Homeless Coalition FY2022 Continuum of Care (CoC) Application Request for Proposals (RFP) #2022-001

Option 1: Permanent Supportive Housing (PSH) for Chronically Homeless and/or Dedicated Plus Individuals and Families

Option 2: Joint Transitional Housing and Rapid Rehousing Project for Adult Only Households (RRH)

The Northlake Homeless Coalition invites all eligible organizations (501c3 nonprofit organizations and government entities) to submit a project application for a new project that will serve homeless individuals and families in one or more parishes in the Florida Parishes Region (Livingston, St. Helena, St. Tammany, Tangipahoa, and Washington Parishes) and adhere to the Housing First program model. Eligible organizations consist of 501c3 nonprofit organizations and local and state units of government. Applicants may choose to submit one of two project types for this RFP: Option 1: Permanent Supportive Housing for Chronic Homeless and Dedicated Plus Individuals and Families; or Option 2: Joint Transitional and Rapid Rehousing Project for Adult Only Households.

I. Key Definitions

- A. Chronic Homelessness: defined in 24 CFR 578.3. See [HUD Flowchart for Chronic Homeless Definition](#) for additional reference.
- B. DedicatedPLUS: defined on page 22, Section III.B.2.g of the [CoC Program Notice of Funding Opportunity \(NOFO\)](#).
- C. Evidence-based approach: a project or process that "employ[s] strong use of data and evidence, including the cost-effectiveness and impact of homeless programs on positive housing outcomes, recovery, self-sufficiency, and reducing homelessness." Examples include but are not limited to "rates of positive housing outcomes, such as reduced length of time homeless and reduced rates of return to homelessness; improvements in employment and income; and improvements in overall well-being, such as improvement in mental health, physical health, connections to family, and safety."
- D. Homelessness: defined in Section III.C.1 of the CoC Program NOFO; See [HUD Homeless Definition and Recordkeeping](#) Requirements for additional reference.
- E. Joint Transitional Housing and Rapid Re-housing Project (TH/RRH): The Joint TH and PH-RRH component project combines two existing program components—transitional housing and permanent housing-rapid rehousing—in a single project to serve individuals and families experiencing homelessness. Recipients should prioritize those with the highest needs using an evidence-based approach designed to provide stable housing and services that, to the greatest extent possible, move the participant towards self-sufficiency and independence. Program participants may only receive up to 24-months of total assistance. For more information about Joint TH and PH-RRH component projects, see Section V.C.3 of the NOFA.

- F. Rapid Re-housing Project (RRH): A type of permanent housing meeting the requirements of 24 CFR 578.37(a)(1)(ii). Continuum of Care funds may provide supportive services, as set forth in § 578.53, and/or short-term (up to 3 months) and/or medium-term (for 3 to 24 months) tenant-based rental assistance, as set forth in § 578.51(c), as necessary to help a homeless individual or family, with or without disabilities, move as quickly as possible into permanent housing and achieve stability in that housing.
- G. Permanent Supportive Housing Project (PSH): Permanent supportive housing is permanent housing with indefinite leasing or rental assistance paired with supportive services to assist homeless persons with a disability or families with an adult or child member with a disability achieve housing stability.

II. Project Type Determination

- A. In section II.A.1-9 of the NOFO, HUD outlines the following policy priorities:
 - 1. Ending homelessness for all persons.
 - 2. Using a Housing First approach
 - 3. Reducing an Unsheltered Homelessness
 - 4. Improving System Performance
 - 5. Partnering with Housing, Health, and Service Agencies
 - 6. Racial Equity
 - 7. Improving Assistance to LGBTQ+ Individuals
 - 8. Persons with Lived Experience.
 - 9. Increasing Affordable Housing Supply
- B. After reviewing system performance metrics, coordinated entry (CE) data, feedback from the NHC Providers and Stakeholders Association (PSA) and performing a needs analysis of CE clients with unsuccessful housing outcomes, the NHC determined that either a PSH project or a RRH project serving Adult Households would best serve the region while also aligning with the above HUD policy priorities. 77% of CE clients with unsuccessful housing outcomes are adult only households and 68% are reporting unsheltered homelessness.
- C. Option 1: Permanent Supportive Housing will promote all the above policy priorities, including the opportunity to create a more service intensive PSH project by leveraging housing and healthcare resources.
- D. Option 2: Joint Transitional Housing/Rapid Rehousing for Adult Only Households will promote all the above policy priorities and create an opportunity to reduce unsheltered homelessness for an underserved homeless subpopulation. Joint TH/RRH projects must leverage 25% of the housing budget line items (leasing and rental assistance) with other housing resources.
